

Amendments to the Specification

Please replace paragraph [0015] of the Official Publication hereof (U.S. Patent Application Publication No. 20050138007) with the following amended paragraph:

[0015] In the following detailed description, numerous specific details are set forth in order to provide a thorough understanding of the invention. However, it will be understood by those skilled in the art that the present invention may be practiced without these specific details. In other instances, well-known methods, procedures and components have not been described in detail so as not to obscure the present invention. Embodiments of the invention may include a computer product readable by a machine, tangibly embodying a program of instructions executable by the machine.
